

APPENDICES

Appendix 1 Glossary

Appendix 2 List of Participants and Contacts

Appendix 3 Defining the Willamette Valley-Puget Trough-Georgia Basin Ecoregion

Appendix 4 SITES Computer Model

Appendix 5 Overall List of Targets

Appendix 6 Species Ranking Definitions

Appendix 7 Summary Descriptions of Terrestrial Ecological Systems used as conservation targets in the WPG Ecoregion

Appendix 8 Summary of Representation of Terrestrial Ecological Systems for Sites model runs in WPG Ecoregion

Appendix 9 Methodology for Creation of Terrestrial Ecological Systems Layer for WPG Ecoregion

Appendix 10 Remnant Dependent Native Prairie, Savanna, and Rocky Bald Species of the WPG Ecoregion

Appendix 11 WPG Ecoregion Terrestrial Ecological System EO Specs and EO Rank Specs

Appendix 12a Goals for Terrestrial Ecological Systems in the WPG Ecoregion

Appendix 12b Terrestrial Ecological Systems with Area Goals and input parameters

Appendix 13 Information on Terrestrial Animals Targets with Conservation Status

Appendix 14 Terrestrial Animal Target Selection-representation

Appendix 15a List of Targets with Goals for Ecoregion with Model

Appendix 15b List of Targets with Goals by Section with Model

Appendix 16 Freshwater Animal Targets with Conservation Status

Appendix 17 Information on Freshwater Animal Target selection-representation

Appendix 18 Marine Species Rankings and Aggregations

Appendix 19 Final Shoreline Sites

Appendix 20 Summary of Special Occurrences

Appendix 21a Summaries of Terrestrial and Nearshore PCAs

Appendix 21b Summary of Shoreline PCAs

Appendix 22 Understanding Terrestrial Ecological Community Names

Appendix 23 References
